PROFESSIONAL SUMMARY

Lala Group Of Companies

ReactJs Developer   **July 2023 - Present**

At Lala Group of Companies, I developed and maintained web applications using React.js, with a focus on responsive design and optimal performance. I collaborated with cross-functional teams to create scalable code, integrated third-party APIs for added functionality, and ensured code quality through testing and debugging. Additionally, I converted Figma designs into pixel-perfect, fully functional web interfaces

MSK Software House

Front End Developer   **Jan 2022 - Aug 2023**

I have made significant contributions to the software industry as a web developer and educator. At MSK Software House, I refined my skills by working on various projects using React.js to deliver high-quality solutions. I developed and deployed web applications with modern technologies and best practices while mentoring students in web development and creating comprehensive learning materials for hands-on learning.
